Background

- Locum posts common
- Benefits you AND the Trust

- **The interview.....**

- More informal but still stress inducing!
 - Practice
 - Demonstrate your ability, performance under pressure
 - Get yourself known by hospital board members/management

At work...

- Clinical practice
- Extra roles not expected
- Respond to demands of department
 - adaptable

- Get to know your colleagues
 - Theatre staff
 - Department
 - Management

- CPD
 - Bigger study budget
 - Focused study leave

- Consultant appraisal
- Keep up to date

A Practical Guide to
Appraisal & Revalidation
Moving Forward

Monday 14th May 2012 Hellen Conference Centre, London

CPD Institute of Healthcare Management HPA Ltd. NHS G

"It is encouraging that 90 per cent of the pilots recognise that revalidation will improve the quality of care"
Andrew Leding, North Teesbury, October 2011

Key benefits of attending

- to update delegates on progress with Medical Revalidation
- to ensure that appraisal supports both revalidation and the doctor's development
- to develop both organisational readiness and support individual doctors to prepare for revalidation
- to measure practice and outcomes through audit
- to update delegates on findings from the revalidation pilots
- to empower delegates to tackle and respond to performance concerns and manage doctors in difficulty

Chair and keynote speakers include

Professor Peter Furness
National Medical Director and Revalidation Lead
National Medical Director
Chair and member Medical Revalidation
The Academy of Medical Royal Colleges

Dr Keith Judkins
Consultant in Medical Appraisal and Revalidation
& former Medical Director
North Teesbury Support Team

- Locum year is as important as any other year as a consultant

- Experience

Experience

- What

is the best

- Because

teacher !

for substantive posts

**KEEP
CALM
AND
GOOD
LUCK**
