

Alexander Johnson BDS MJDF Dip Rest RCS

Since graduating from Manchester University in 2006, Alex completed a VT year in practice and a 12 month post as a SHO in oral surgery and maxillofacial surgery. Whilst working as an associate in general practice in a large, predominantly NHS practice for the past 10 years, Alex has continued to gain experience and qualifications including the MJDF. More recently Alex achieved a PG Cert in Education in Clinical Practice from Edge Hill and a Diploma in Restorative Dentistry from the Royal College of Surgeons (Eng). This has allowed Alex to challenge himself with more complex dentistry and better support the foundation dentists that he is an educational supervisor of. Alex is also a keen member of the Lancashire and South Cumbria LDC and has been involved in peer review since 2011.

Outside of dentistry, when not enjoying spending time with his family, Alex enjoys playing golf, cooking, following Liverpool Football Club and his local rugby club, Fylde.

If you would like to set up an Individual Peer Review contact the [appraisal team](#) and inform us of your ambassador choice
