	<p>practice in 2017.</p> <p>I completed an MSc in dental implantology in 2011. I enjoy placing and restoring my own implants.</p> <p>Due to my oral surgery experience, I like performing my own minor oral surgery, for example complex extractions, wisdom teeth, biopsies etc. I recently re-trained and got accredited for IV sedation which I particularly enjoy.</p> <p>I am also a specialist advisor to the CQC, I appreciate this role as I get to meet some fantastic clinicians and visit some great (and not so great) practices.</p> <p>I am born and bred in Manchester. I am very family orientated and am married with 3 children who keep me busy. When I get time, I like to read, I enjoy joinery and DIY, and on the weekends, I try to get time to practise archery.</p>
