

Dental Foundation Final Study Day 2018

Friday 29th June 2018
The Lowry Theatre
Manchester

I would like to congratulate you on completing your Dental Foundation Training year (2018). We owe a big thank you to your Educational Supervisor, who has given their time and effort to guide you, their protégé and the dental nurses and teams who have faithfully assisted and supported you during the year of rapid professional development, where the training programme has seen you start out your career as a safe beginner to independent practitioner.

This year's Dental Foundation Final Study Day was a special year for foundation dentistry, celebrating 25 years; the day looked at how Vocational Training, now Foundation Training, came into being, how it has evolved to meet the changing needs of the new graduate and considered what it might look like over the next 25 years, including the wide array of opportunities being created by advances in science, technology and information. This final study day aimed to have a varied programme in the hope of encouraging you to look to the future of dentistry in the community and your career options, as you become integral parts of the NHS dental services and enter a very rewarding profession. I would like to wish you a varied and accomplished career that you enjoy and flourish in.

Nicholas Taylor
*Dean of Postgraduate
Dental Education, Health
Education England – North
West, North West Chair of
English Dental Deans and
Chair of COPDEND*

North Manchester Scheme

Liverpool Scheme

Chester Scheme

Lancaster Scheme

Aintree Scheme

Blackburn Scheme

In closing, Nicholas Taylor is thanked by Sarah Hurley for the enormous amount of valuable service to dentistry prior to his retirement at the end of 2018.

The 2018 Final Foundation Study Day has been a special occasion this year as it celebrated two significant anniversaries (25 years of Foundation Dentistry and 70 years since the NHS was established) along with the immense effort many people have made to make this such a memorable milestone.

I hope that this e-booklet will remind you of the day and the inspirational speakers who attended.

David Read
