Keele Advanced Leadership Course for SAS and Staff Grade Doctors

(12 CPD credits approved)

**Tuesday 20th & Wednesday 21st November 2018 or
Monday 10th & Tuesday 11th June 2019**

Venue: Keele Hall, Keele University, Staffordshire ST5 5BG

This two-day non-residential course is intended for SAS and Staff Grade Doctors who wish to enhance their leadership skills in order to take part in leading their service and organisation. The overall aim of the course is to provide greater understanding of today's healthcare challenges, and to equip participants with the knowledge, skills and attributes to enable them to extend their leadership roles. The course design includes a mixture of interactive talks from policy experts, personal development consultants and senior clinicians, and small group activities. The sessions are themed and linked to the Healthcare Leadership Model: they include understanding how to be an effective leader in the 21st century and how to use power and influence in organisations.

Feedback from Previous Participants:

"One of the best courses I have attended. The key areas were engagement and interaction. It catered for all different learning styles. It was very practice orientated and I really enjoyed the analogy with stories and real events – very memorable. It enabled me to reflect on my own leadership style."

"Very concise, relevant and sufficient course contents. Enjoyed a lot."

Keele Advanced Leadership Courses for SAS Doctors focus on:

- understanding the real challenges as a leader in today's NHS
- the use of power and influence in organisations, including how to be an effective leader
- how to lead and achieve transformational change in your service

Learning Outcomes:

- a better understanding of how to lead in complex situations
- enhanced skills in managing politics and power and working in partnerships
- an appreciation of how to create successful change in your service

Course Fee: £560

Including tuition, refreshments, lunches and evening meal on day one
