

ST4 Psychiatry

LETB/Deanery: Health Education Yorkshire & the Humber	
Programme Details	<p>Yorkshire and the Humber School of Psychiatry hosts well established Higher Training schemes in all psychiatric specialities. The schemes include placements across the region with the training coordinated from the main centres in Leeds, York, Wakefield, Bradford and Sheffield. It has developed innovative dual CCT training in General Adult combined with other specialities including Old Age and Medical Psychotherapy. There are many opportunities to develop teaching, leadership and management skills through participation in the educational programmes of the School and the work of the local provider organisations, including opportunities to take time in an OOP placement as a Leadership Fellow.</p> <p>Link to further information: http://www.yorksandhumberdeanery.nhs.uk/psychiatry/training_programmes/higher_specialist_training/</p>
