

MOORSIDE DENTAL SURGERY

Moorside Health Centre

681 Ripponden rd

Moorside

Oldham

OL1 4JU

0161 344 8179

The Practice:

The Practice is located on a main road in Oldham in a purpose built health center completed in 2006.

We have our own dedicated dental area and the practice is an independent NHS practice.

The center has several GP's, midwives and other health care professionals with access to a pharmacy on site.

The two surgeries are modern up to date and are fully computerised with Kodak R4 and digital X-rays.

We are mainly a NHS practice although we do offer private treatment.

We offer all aspects of dentistry with a special interest in prevention. I feel the FD will gain experience in all aspects of general dentistry.

We have a friendly team, which consists of a practice manager, three nurses and an associate plus our FD. We have access to EDDN's and a therapist.

The practice is at the heart of the community and is very much family focused.

The practice is a pilot site for the new dental contract so our FD will gain an invaluable into the future of NHS dentistry.

The Trainer:

I qualified from the University of Manchester in 1999 and completed my VT in the Denton area of Manchester.

I enjoy all aspects of dentistry though prevention is very much at the core of our practice ethos.

CPD and personal development for the team and myself is very important to me.

My interested include gardening, walking and reading as well as spending time with family and friends.

I have been a Educational Supervisor for 4 years now.

The Area:

Moorside is located on the outskirts of Oldham and is easily accessible by motorway and public transport. Our current VT commutes from Bradford and the previous from Bolton. It is a 40-minute drive from the center of Manchester.

Details:

There are no restrictions on when annual leave can be taken.
