Practice Profile: (e.g. how many surgeries, equipment, location/area, staff members, etc)	Skipton Road Dental is situated in the historic market town of Colne which has many local amenities and good transport links nearby. The practice is independently owned by our Principal dentist Tom, who works alongside 4 other associate dentists, a dental therapist and a team of dedicated nursing and admin staff. We offer both general and cosmetic dentistry including orthodontics and have a visiting implantologist. Our practice comprises of 6 surgeries, each with digital x-rays and SOE Exact computer software. We have a Trios scanner, endo microscope and Wave one reciprocating endo system. We have recently renovated our reception area with plans to further expand into a neighbouring building in the pipeline.		
ES Biography:	Hi! My name is Niall. I qualified from Queens University, Belfast in 2016 and did my own Foundation Year here at Skipton Road. I then went to work locally at another practice but returned to Skipton Road in 2018. I've been an ES for the past 2 years alongside Tom who has also held the same post for over ten years. I enjoy all aspects of dentistry, with oral surgery probably being my favourite. I especially enjoy being an educational		
	supervisor. I am keen to support and facilitate the best care possible whilst maintaining a caring and supportive environment. I am aware that DFT is a challenging time for many people and our team take pride in ensuring that it's an enjoyable year.
