

Neonatal Skills Box- Loan Scheme

WHY THIS SCHEME?

These Resource boxes are loaned-out to use at home, to practice neonatal clinical skills & procedures with the aim of improving skills and confidence.

For any paediatric trainees returning to training after time out of programme.

This scheme has been funded by HEE Supported Return to Training programme and put into place by the NW Paediatric RTT trainee team

WHAT'S IN THE BOX?!

- 1) High quality preterm infant manikin
- 2) Equipment to perform:

Intubation, Long line insertion, UVC insertion, Chest-drain insertion

- 3) Reference material:

Guidelines for the various procedures with links to demonstration videos

A selection of short written neonatal simulation-intros

Up to date paediatric and neonatal life support manuals

Links to supplementary virtual resources and simulations
