Virtual Oncology Return to Training Study Day

26th March 2026

9am - 4pm

via Zoom

Have you been out of training for a period of research, out of programme experience or parental leave?

Are you feeling apprehensive about returning to training?

We want to support you and equip you with the knowledge and resources to feel more confident about your return

Topics include

- Supportive care
- Updates in treatments of Breast and Lung cancer
- Immuno-oncology and managing toxicities of new therapies

Open to any clinical or medical oncology trainees ready to return to training, or within 3 months of being back into training.

This event is in collaboration with Clatterbridge Cancer Centre
