The appointment is for 12 months in the first instance, renewable subject to satisfactory reports to a total of 2 years. The post will comprise all aspects of orthodontic practice, including attendance at new patient clinics, management and treatment of malocclusion in children and adults. There are no out of hours on-call commitments. There is a commitment to cover casual patients according to a departmental rota. Study leave facilities are available in accordance with the Terms and Conditions of Service subject to the approval of the Educational Supervisor and the Training Programme Director. Administrative duties will include attendance at departmental/regional meetings and undertaking some departmental administration.

DENTAL ST4-5 POST INFORMATION 2027

NHS ENGLAND WT & E – North West

	The junior dentist accepts that he/she will also perform duties in occasional emergencies and unforeseen circumstances at the request of the appropriate Consultant, in consultation where practicable with his/her colleagues both senior and junior. It has been agreed between the profession and the Department that while juniors accept that they will perform such duties, the Secretary of State stresses that additional commitments arising under this sub-section are exceptional and in particular the juniors should not be required to undertake work of this kind for prolonged periods or on a regular basis. Description of main training site The Countess of Chester Hospital is located 2 miles from the city of Chester. It is approximately 21 miles from Liverpool. The Countess of Chester Hospital is a District General Teaching Hospital and it provides a secondary and tertiary consultation service for specialist orthodontic practitioners and general dental practitioners in the area, and other hospital specialists. The Orthodontic Department is located in the main outpatient department and works in close liaison with the Oral and Maxillofacial team, and sharing the same facilities. The clinical facilities consist of six modern dental surgeries, a reception area, offices and staff rest room. There is full secretarial and dental nurse support. In addition to fully equipped Lecture Theatres and Seminar Rooms for teaching purposes, there are a number of computers available during working hours. The department treats predominately complex and multidisciplinary cases but also some more simple training cases. There are well established joint clinics with our Maxillofacial Surgery colleagues at Aintree Hospital and links with Restorative/Paediatric Dentistry colleagues at the Royal Liverpool University Hospital. Description of second training site Arrowe Park Hospital is part Wirral Teaching Hospital NHS Trust. It is approximately 6 miles from Liverpool city centre. Arrowe Prk Hospital is a District General Teaching Hospital and it provides a secondary and tertiary consultation service for specialist

		orthodontic practitioners and general dental practitioners in the area, and other hospital specialists. The Orthodontic Department works in close liaison and shares premises with the Oral & Maxillofacial Surgery team. It is situated in the outpatient's section of the main hospital building. The whole department has nine surgeries, staff room, reception area, secretarial room and Minor Oral Surgery Procedures room. The orthodontic department has three fully equipped surgeries serviced by qualified dental nurses. There is a shared staff room for the consultant and orthodontic trainees with computing facilities for image archiving, orthognathic planning, and the standard office suites. The department provides a consultation and treatment service for the local community as well as training of junior staff. Within the department there are well established joint clinics with Maxillofacial Surgery, Restorative Dentistry and Paediatric Dentistry. Description of third training site Alder Hey Children's NHS Trust is a major teaching hospital of the University of Liverpool. It serves not only the local population of children and is the tertiary referral centre for Children from Merseyside, Cheshire, parts of Lancashire, Shropshire and North Wales for many sub-specialties of Paediatrics. The Trust provides a range of community services including school nursing, home carers and a child development centre. A Child & Adolescent Mental Health service is also provided with an inpatient unit based at the Trust. The hospital has approximately 270 beds, including day beds for surgery. The Paediatric services and expertise within the hospital are considerable and include Orthodontics, Paediatric Dentistry, Oral & Maxillofacial Surgery, Cleft and Craniofacial Surgery, Paediatric Ophthalmology, Cardiology, Cardiothoracic Surgery, Neonatology, Neurology, neurosurgery, Audiology, Nephrology, Respiratory, Oncology, General Surgery and General Medicine. The Radiology Department provides CBCT, CT and MRI scanning service. The state-of-the art hospital opened in October 2015. It sets a new benchmark within the NHS and has won many prestigious awards. The Dental and maxillofacial department is based in the outpatient building. It has 5 Dental Surgeries, a fully equipped speech
