RETURN TO TRAINING COURSE
FOR PAEDIATRIC TRAINEES

Wednesday 26th June 2019
9am - 4:30pm
Alder Hey – Institute in the Park

This one day course will support paediatric trainees as they return to training following a period of planned leave or prolonged absence. Paediatric trainees of all grades are welcome around the time of their return back to work from any type of time out.

There will be a team of experienced paediatricians and neonatologists as well as fellow trainees delivering the course. We aim to provide a supportive and friendly environment with opportunities to address individual queries and training needs of delegates.

Each delegate will receive a course pack including helpful resources and references.

Lunch will be provided.

Babies are welcome but unfortunately we are unable to provide creche facilities.

Course topics include:

- Resilience and development in paediatric training
- Practicalities; RTT policy, KIT days, ePortfolio
- Hot topics in paediatrics and neonatology
- Simulation training - relevant to delegate needs
- Neonatal and paediatric scenarios

Places can be booked by contacting: pg-education@alderhey.nhs.uk

Please send details of name and year of training - we welcome specific requests and will tailor course to delegate needs

Funded by Health Education England as part of their SupoRTT strategy
