Training Details

(Description of post)

This is a run-through-training post for 5 years. It is assumed that the appointee will pursue the full 5 year training to Consultant level. The trainees may rotate after 3 years to a different regional unit for the remaining 2 years.

These posts are available to commence 1st October 2022 on the Orthodontic Speciality Training Programme in Health Education England NW. The post is 5 years in duration and will satisfy the requirements for the Membership in Orthodontics of The Royal Colleges and the ISFE. The Training Programme is based at the University Dental Hospital of Manchester, with clinical commitments at MUDH & Tameside General Hospital. The posts will be allocated an NTN in Orthodontics. . The post holder may enrol at the University of Manchester to study for the degree of Masters in Research (M Res). Alternatively, two papers may be submitted to peer review journals on work undertaken during the training period.

UoM M.Res MPH (part-time distance learning)

To complete 9 modules (15 credits each) and dissertation.

Total fees approx. £11,300 for the whole degree (spread over 2 or 3 year).

Duties and Responsibilities of postholder

These are non-resident posts at the hospitals in the training scheme.

The appointments are for 12 months in the first instance, renewable subject to satisfactory reports to a total of 5 years. The posts will comprise all aspects of orthodontic practice, including attendance at new patient clinics, management and treatment of malocclusion in children and adults.

There are no out of hours on-call commitments. There is a commitment to cover casual patients according to a departmental rota.

Study leave facilities are available in accordance with the Terms and Conditions of Service subject to the approval of the Educational Supervisor and the Programme Director.

Administrative duties will include attendance at departmental meetings and undertaking some departmental administration.

The junior doctor accepts that he/she will also perform duties in occasional emergencies and unforeseen circumstances at the request of the appropriate Consultant, in consultation where practicable with his/her colleagues both senior and junior. It has been agreed between the profession and the Department that while juniors accept that they will perform such duties, the Secretary of State stresses that additional commitments arising under this sub-section are exceptional and in particular the juniors should not be required to undertake work of this kind for prolonged periods or on a regular basis.

The post holders may wish to register for an M.Res degree at the University of Manchester or other institution which is undertaken over 3 years part-time. Alternatively, two papers may be submitted to peer review journals on work undertaken during the training period.

Description of main training site

Orthodontic Department – Manchester Dental Hospital

The clinical facilities were re-equipped in 2017 and are situated in the West quadrant of the dental school. Orthodontics has sole use of 8 fully equipped dental units, plus access to a large multidisciplinary clinic that is composed of its own waiting area, three dental surgeries, one seminar room and oral hygiene room. The clinic incorporates University and Trust network access points on each dental unit

The secretarial offices are next to the main clinical area.

There is also a staff area this is equipped with 4 computers, scanners, printers and digitiser. These computers have access to the AJO and JCO via the network and also direct links to the on-line versions of the Journal of Orthodontics, European Journal of Orthodontics and the American Journal of Orthodontics.

The Regional Cleft Lip and Palate centre is situated in the new Manchester Children's Hospital.

Description of second training site

Tameside and Glossop Acute NHS Trust

Tameside and Glossop Acute Service NHS Trust is an Acute Trust serving the needs of approximately 250,000 people. The residents live both within an industrialised area including the eight towns which make up the Local Authority of Tameside in Greater Manchester and the rural area around Glossop, which is within the Derbyshire Authority of High Peak. Trust is based Tameside General Hospital. The Hospital is located on the outskirts of the market town of Ashton-under-Lyne, the largest of the eight towns in Tameside and is situated seven miles to the east of Manchester City Centre. The Hospital's total bed complement is approximately 700, of which, 39 are daycase.

The main commissioning body for the Trust's services is Tameside and Glossop Primary Health Care Trust (PCT), responsible for commissioning services for the residents of Tameside and Glossop.
