We are currently **unable** to provide the following training opportunities (please list)

- Infertility
- Paediatric and adolescent gynaecology
- Forensic Gynaecology

**Free text comments**

I can confirm that now in addition to the previously offered ATSMs we can also offer Fetal Medicine, Advanced Laparoscopy and Urogynaecology. The only ATSMs we are unable to offer are Subfertility and Paediatric and adolescent Gynaecology. We should be able to offer each to more than one trainee if required as we have capacity in our system. Please let me know if you need any more information.
